

VILLAGE GREEN

NATIONAL HISTORIC LANDMARK

July 11, 2011

To: All Homeowners / Residents in Courts 6 & 7

Re: Sewer Repair Project Information

The Board of Directors approved repairs to the sewer elements servicing Court 6 and Court 7, to include buildings 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, and 38.

We have scheduled an information presentation for this Saturday, July 16 at 9:30 am in the clubhouse.

During this meeting, we will provide a general overview to include timing of the project, and information as to how work will affect residents.

You will also have the opportunity to meet the contractor who will be doing the work and ask any questions you may have.

If for any reason you do not attend this meeting, we will be delivering a very detailed report to you next week. This report will include all information presented at the meeting.

Sincerely,

**Peter C. Fay
General Manager**
